

# BALANCE TABLE

## FOR USE WITH ANALYTICAL INSTRUMENT SCALES

The RD-10432 is a balance table designed for analytical instrument scales. The table provides dampening and vibration free stability for accurate and reliable weighing.

The standard table weighs 120kg with a working space of 600 x 600mm and is designed to be placed on stable flooring such as concrete.

Adjustable rubber feet are standard to allow levelling of table should the flooring be uneven.

*RD-10432 Granite Balance Table*
